

**OCEANIC LITHOSPHERE: ROCKS, MINERALS
AND CRITICAL RESOURCES**

October 19-22, 2023 | Bielawa, Poland

We are happy to announce that registration and abstract submission to the 9th Meeting of the Mineralogical Society of Poland (PTMin) and 28th Meeting of the Petrology Group of the PTMin is now open. The conference will take place from 19th to 22nd October 2023 in the Central Sudetic Ophiolite. The meeting venue is Hotel Dębowy Biowellness & SPA in Bielawa near Wrocław, Poland, located in the picturesque park and palace complex. The scope of the 28th Meeting of the Petrology Group will cover a vast spectrum of topics related to mineralogy, petrology and ore geology. After Thursday evening icebreaker, we will start with our main topic: 'Oceanic lithosphere: rocks, minerals and critical resources' on Friday, and move to the continental lithosphere, planetary geology, and other topics on Saturday, followed by the geological field trip in Ślęza Massif on Sunday. We invite PTMin members and all interested researchers including students to participate in our meeting! We also expect six distinguished keynote speakers from Belgium, Germany, Hungary, Italy, and Spain.
